- * estimated score.

SCALED SCORES

For English reading and mathematics, key stage 2 test results have been reported as scaled scores, with 100 as the 'expected standard'. An average scaled score for the school is then calculated.

INTERPRETING PROGRESS MEASURES

Progress measures are scores centred **around 0**, with most schools within the range of -5 to +5.

- A **score of 0** means pupils in this school on average do about **as well** at KS2 as those with similar prior attainment nationally.
- A **positive score** means pupils in this school on average do **better** at KS2 as those with similar prior attainment nationally.
- A **negative score** means pupils in this school on average do **worse** at KS2 as those with similar prior attainment nationally.

A negative score does not mean that pupils did not make any progress, rather it means they made less progress than other pupils nationally with similar starting points.
